

# STEMFEST 2021

Teacher professional learning for STEM futures

Friday 26 February, 9.00 am—3.00 pm

Presented by the Professional Learning Education Hub.

- A virtual event with over 20 interactive workshops to choose from
- Innovative activities to engage all students in meaningful learning in STEM education.
- A focus on teacher collaboration and leadership around effective STEM teaching strategies, aligned with the Victorian Teaching and Learning Model and Practice Principles.
- Suitable for Early Years, Middle Years and Senior Years educators

Each workshop offers the unique opportunity for ongoing professional learning in 2021, tailored to your school context. Registration includes a selection of four one hour interactive workshops, one per session. Free inclusion of 'Spotlight' sessions. Schools/Centres may provide the opportunity for a different teacher/educator to attend each session.

**Cost:** \$100 Deakin Alliance schools and Early Bird registration (before 5 February, \$150 thereafter).
