Contemporary Approaches to Research in Mathematics, Science, Health and Environmental Education Symposium

The symposium will be held online (via Zoom, and will focus on practical and theoretical aspects of research methodology. It follows the highly successful symposia held annually from 1993 to 2005 and again from 2010 to 2020, in which methodological techniques and issues (such as socio-cultural perspectives, productive use of quantitative data, collaborative practitioner research designs, analysing discourse) have been discussed.

Keynote speakers

Paul Hart

Professor Emeritus and Adjunct
Professor of Science and
Environmental Education,
University of Regina, Canada.

Robin Bellingham

Lecturer in Education,
Pedagogy and Curriculum,
Deakin University.
